

## GOTHAM BANKS THOUGHT SAFE

Special Meeting Of The Clearing House Committee Discusses Situation.

## THE FAILURE OF MANY BANKS HAS

Disturbed The Equilibrium Of The New York Money Market--Stocks Are Still Very Panicky.

[BY ASSOCIATED PRESS.]  
New York, Oct. 18.—The situation as regards the money market caused by the failure of the banks in the city and the failure of several brokerage firms as well as the general building business throughout the country was thoroughly discussed this morning at a meeting of the clearing house committee.

**Special Session**  
It was a special session called briefly to investigate the situation of the clearing house and also to reassure the general public as to the solvency of the New York banks in general following the frenzied reports that have been about for two days past. The solvency of the Mercantile National Bank was reaffirmed.

**Measures Out**  
It is affirmed that F. Augustus Heinze, the copper king, is out of the presidency of this bank and that the failure of the State Savings Bank of Buffalo, Mont., will not affect this institution at all.

**Other Elements**  
It is understood that the condition of certain other banks in the city were discussed at the meeting, but as far as could be learned no definite action as regards these institutions was taken. There are, however, other elements which are considered dangerous and may be eliminated by the board today or tomorrow.

**Conservatives Lead**  
In conservative circles the feeling prevails that certain interests will have to be eliminated before complete confidence in the local banking situation can be expected to be restored.

**Ask Resignations**  
The clearing house this afternoon demanded the resignation of every director of the Mercantile National Bank as a condition of the clearing house coming to the assistance of that bank. The resignations were immediately delivered to the president of the clearing house.

## ROOSEVELT KILLS HIS FIRST BRUI

Follows Animal for Four Hours Before He Gets Fair Shot at Late in Afternoon.

[BY ASSOCIATED PRESS.]  
Minneapolis, Minn., Oct. 18.—The President killed a female bear late yesterday afternoon. Few details of the killing are known, except that it took place late in the afternoon, after the President and other hunters with him had followed the dog in a chase through the jungle for four hours. The bear was brought in by a carrier, who arrived from Bear Lake this morning.

## AGAIN REFUSES TO INSTRUCT THE JURY

Arguments on Testimony in Magill Murder Case Begin This Afternoon.

[BY ASSOCIATED PRESS.]  
Davenport, Ill., Oct. 18.—Judge Cochran today again refused to instruct the jury in the Magill murder trial in accordance with the request by the counsel for the defense to return a verdict of not guilty and the arguments on the testimony then began.

## MIAMIANS ALLEGED

New Orleans, La., Oct. 18.—The application for a receiver for the Keweenaw Life Insurance Company, which was organized here less than a year ago, came up for hearing today before Judge St. Paul. The petitioner, Bernard C. von Schlemmer, charges the company with gross mismanagement, reckless expenditure for salaries to useless officers and an empty treasury. The petition alleges that although \$30,000 of the \$100,000 authorized capital was paid in at the time of organization, the officers and directors have spent more than \$65,000 and have taken only \$22,000.

## SKIPPED FROM JAIL; WAITING FOR TRIAL

Two Antigo Prisoners Make Successful Dash for Liberty from County Jail.

[BY ASSOCIATED PRESS.]  
Antigo, Wis., Oct. 18.—Awaiting trial for robbery, James Jordan and Roy Lewis, twenty-four and eighteen years old, escaped from the county jail during the night by cutting out two bars with a couple of common table knives.

## TO MOVE OFFICES TO CHICAGO SOON

Wisconsin Central Is to Have Only Force Enough in Milwaukee to Comply with Law.

[BY ASSOCIATED PRESS.]  
Milwaukee, Wis., Oct. 18.—The general office of the Wisconsin Central Railway company with the exception of such departments as the law requires must be in Wisconsin will be moved to Chicago between the first of November and January first, 1908.

## FOUR KILLED WHEN TWO CARS COLLIDE

Many Other Injured in Wreck Near Chattanooga, Tenn. This Morning.

[BY ASSOCIATED PRESS.]  
Chattanooga, Tenn., Oct. 18.—Four persons were killed, ten seriously and twenty more or less injured in a collision of street cars near the city limits this morning.

## WAS TAFT OBJECT OF AN ASSASSIN?

Report That Attempt Was Made to Kill Him on His Visit to Jesuit College.

[BY ASSOCIATED PRESS.]  
Mundin, Oct. 18.—A report reached the police yesterday from a priest that an attempt was made to throw a bomb at Secretary Taft while he was attending a reception at the Jesuit college. A careful investigation failed to disclose any foundation for the statement. Every precaution was taken by the authorities to prevent any such outrage.

## THOUSAND ODD AT THE FARMERS' MEET

Twenty-seventh Annual Meeting of the Farmers' National Congress in Session.

[BY ASSOCIATED PRESS.]  
Oklahoma City, Okla., Oct. 18.—Over a thousand delegates are here this morning when the Farmers' National Congress assembled in its twenty-seventh annual session. President John N. Stahl of Chicago delivered the annual address. It is said the farmers of the United States will receive a billion dollars more for crops this year than they did last year.

## ONE BALLOON TAKES LONG JAUNT TODAY

Leaves St. Louis and Lands Near Indianapolis This Morning After Safe Voyage.

[BY ASSOCIATED PRESS.]  
Leedsburg, O., Oct. 18.—The balloon which left St. Louis yesterday afternoon containing aeronauts Chandler and McCoy passed over here early today going fast in a southeasterly direction.

## PARTY LANDS

Indianapolis, Ind., Oct. 18.—The Hawley balloon which left St. Louis yesterday afternoon came down at Indianapolis, Ind., sixteen miles southeast of here this morning. All were well and there was no mishap.

## RECEIVED STROKE AFTER THE WEDDING

Has Just Given His Daughter in Marriage When Awful Catastrophe Came.

[BY ASSOCIATED PRESS.]  
Spring Green, Wis., Oct. 18.—Jacob Gasser, a well known resident of this city, was stricken with paralysis while returning from the altar, where he had given his daughter's hand in marriage. He fell to the floor and was taken to his home in an unconscious condition.

## AGED MONROE MAN DIES; CAME TO AMERICA WHEN 18

Monroe, Wis., Oct. 18.—Peter Gungl, aged 79 years, died here Wednesday night. He was born in Switzerland, coming to America alone when only 18 years of age. He worked on the Erie canal as driver. He came to Wisconsin the year the Civil war closed, settling on a farm south of this city which he recently sold for \$125,000. He retired to this city ten years ago. Mrs. Gungl, the widow, in delicate health from long trouble.

A LESSON IN POLITICS.  
The Progressive Chinese Want to adopt the American system of practical politics.—News Item.

## SUGAR CANE CROP LIGHT THIS YEAR

Amount of Syrup Made This Year Will Be Smaller Than 1906 Output.

[BY ASSOCIATED PRESS.]  
Watertown, Wis., Oct. 18.—The sorghum syrup season is here. Lands and loads of sugar cane are passing through the city, some stopping for consumption at local sugar mills. It is said that the crop this year is a light one, and the amount of syrup will be smaller than 1906.

## WISCONSIN TEACHERS MEET AT EAU CLAIRE

Annual Meetings of Northwestern Wisconsin Pedagogues To Be Held Today and Saturday.

[BY ASSOCIATED PRESS.]  
Eau Claire, Wis., Oct. 18.—A good attendance marked the opening here today of the annual meeting of the Northwestern Wisconsin Teachers' association. The meeting will continue two days during which time, in addition to routine business and the discussion of various school topics, there will be addresses by State Superintendent C. P. Cary, President John P. Blum of the Stevens Point normal school, Professor E. A. Ross of the University of Wisconsin, Dr. James S. Montgomery of Minneapolis and several other educators of note.

## NEW YORK STOCKS ARE STILL PANICKY

Little Rise Then Drops Characterize the Conditions in New York Today.

[BY ASSOCIATED PRESS.]  
New York, Oct. 18.—The early stock market today showed some remaining traces of nervousness in reflection of the embarrassment centering around the United Copper stocks. Steps were taken toward the correction of affairs involved which were a source of regret. The prices of stocks started upwards at the outset but the setting back of Amalgamated after the initial advance checked the rise.

**Another Firm**  
Hamburg, Oct. 18.—Luxemburg & Blumenthal, exporters and importers, suspended payments today as a result of the failure of Haller Gohlis & Co. The market became extremely weak just before noon and in a short time the decline became precipitated. The market steadied abruptly shortly after one o'clock, when conditions seemed to be becoming panicky and sentiment was released.

## Pennsylvania Libraries

Ligonier, Ind., Oct. 18.—With an attendance of libraries from many of the cities and colleges of Pennsylvania the Keystone State Library association began its seventh annual meeting here today. The two days' program arranged for the meeting is replete with interesting features, book selection, book buying, library organization, cooperation, and school libraries are some of the topics that will be considered in papers and addresses.

Among the prominent participants are Dr. N. C. Schaffer, State Superintendent of Public Instruction; Miss Elizabeth Knapp, of the Carnegie Library, Pittsburgh; Miss Katharine McAlamy, of Philadelphia; Mrs. Jean A. Hard, of Erie; Herbert L. Cowling, of McKeesport; Robert P. Bliss, of Harrisburg; Miss Myra Poland, of Wilkes-Barre; and Miss Alice B. Kroeger, of the Drexel Institute Library School, of Philadelphia.

## WISCONSIN TOWN IS SCARED BY HUNTRESS

Chicago Lady in Hunting Costume Shocks Modesty Of Crivitz, Wisconsin.

[BY ASSOCIATED PRESS.]  
Crivitz, Wis., Oct. 18.—Crivitz's fastidious people are shocked! Bloomers and leggings on women are not to their taste. The appearance on the depot platform of a Chicago huntress, a modern Diana in dress, is the cause of the commotion. The oldest resident hurried to the station to see the awful display. And then criticism was rife.

## ANNUAL MEETING OF OMAHA RAILROAD

Perfunctory Meeting of Stockholders Held At Hudson, Wis., Today.

[BY ASSOCIATED PRESS.]  
Hudson, Wis., Oct. 18.—The annual meeting of the stockholders of the Chicago, St. Paul, Minneapolis & Omaha Railway Co. is being held here today. Several directors, whose terms expire, will not be re-elected. It is expected that the meeting will develop no surprises, but will be merely perfunctory.

## STARTS OUT TO SEE REST OF THE STATES

Lady Smith Man Begins Journey to See Remaining States Still Unvisited.

[BY ASSOCIATED PRESS.]  
Lady Smith, Wis., Oct. 18.—J. W. Fritz has started a "globe trot," which will last several weeks. Mr. Fritz has been in every state but ten, and in all provinces of Canada, excepting New Brunswick and Nova Scotia. His latest trip will take him into about eight states yet unvisited by him, and the rest of the Dominion he had not yet traveled.

## BOUNDARY BETWEEN PARISHES SETTLED

Bishop Decides On Fox River as Dividing Line Between Parishes At Appleton.

[BY ASSOCIATED PRESS.]  
Appleton, Wis., Oct. 18.—The dispute over the exact boundary of the Catholic parishes of Appleton has been finally decided by bishop Joseph J. Fox of Green Bay. Fox river will hereafter constitute the boundary line between Sacred Heart and St. Joseph congregations.

## BIG LUMBERMAN TO LEAVE THE STATE

Reuben Merryman, One Of Marinette's Lumber Kings, To Live In California.

[BY ASSOCIATED PRESS.]  
Marinette, Wis., Oct. 18.—The removal to California of Reuben Merryman and family marks another decline in the lumber industry of Wisconsin. The Merryman sawmills have only one more year of timber and after that time Marinette will lose one of its foremost citizens for good. Mr. Merryman has located on an extensive orange ranch and erected a large residence.

## JEWISH COLONY TO HAVE PEACE AT LAST

Hebrew Colony Founded By Large Fund Has Settled Its Differences.

[BY ASSOCIATED PRESS.]  
Arling, Wis., Oct. 18.—Arling, the well known Jewish colony founded under the Baron de Hirsch \$20,000,000 colonization fund, is about to experience harmony. This word has been foreign to this settlement since its inception. There were three factions, making practically three villages. These factions have now united and peace again prevails.

## COMMISSION HEARING DAIRYMEN'S KICKS

Rates For Carrying Milk and Cream Subject Of Hearing Today.

[BY ASSOCIATED PRESS.]  
Madison, Wis., Oct. 18.—An important hearing is being held by the railway commission today. It concerns the rates charged by railroads of Wisconsin for carrying milk and cream. The commission received many petitions alleging unreasonable rates, but set the hearing after an investigation of its own.

## RATE CASES OPEN AT BUFFALO TODAY

Interstate Commerce Commission Meets To Hear Important Cases Against Four Roads.

[BY ASSOCIATED PRESS.]  
Buffalo, N. Y., Oct. 18.—Members of the Interstate Commerce Commission met here today to begin hearings in five important suits involving alleged excessive rates and discriminations against individuals and communities brought under the Hepburn railroad rate act. Three of the cases were brought by the Washburn-Crosby Milling Company against the Erie, the Lehigh Valley and the Pennsylvania companies, one by the Banner Milling Company against the New York Central and another by the Thornton and Chester Milling Company against the Delaware, Lackawanna and Western Railroad Company.

## INVITES ROOSEVELT TO AID IN A HUNT

Farmers Near Williamsport Want President to Help Find Them Of The Bear Pest.

[BY ASSOCIATED PRESS.]  
Williamsport, Pa., Oct. 18.—Farmers residing in the vicinity of Buckhorn mountain, Lycoming county, have sent an invitation to Roosevelt to hunt for bears and assist them in exterminating the pest that is destroying corn. The farmers are obliged to guard their fields nightly.

## DANISH STEAMER IS WRECKED OFF COAST

Twenty of Her Crew Drowned and Details of Wreck Not All In as Yet.

[BY ASSOCIATED PRESS.]  
London, Oct. 18.—The Danish steamer Alfred Erlandsen was wrecked on the rocks off Castle point, Scotland, during a gale last night. Twenty of her crew were drowned.

## UNIQUE CONTESTS IN AIR ON ST. LOUIS PROGRAM

Ballooning From Europe Cross Atlantic With View Of Winning Medal Captured By American Last Year.

[SPECIAL TO THE GAZETTE.]  
St. Louis, Mo., Oct. 18.—This city will be the scene next week of events that are expected to mark a epoch in the development and progress of aerial navigation. Ballooning, representing France, England, Germany and America will meet in competitions intended to demonstrate the recent forward strides made in the conquest of the air.

The occasion will be the second long-distance flight for the International Aeronautic Cup, offered by James Gordon Bennett. The first contest for the cup took place in France last year, and was won by Lieutenant Frank R. Lahm, of the United States Army, one of the representatives of the Aero Club of America. In order to win the honor from America, if possible, the aeronautic clubs of three European countries have sent representatives to take part in the competitions here next week. The cup is valued at \$2500 and is emblematic of the Balloon Racing Championship of the World.

Nearly all of those who are to take part have arrived on the ground and are now engaged in making the necessary preparations for the flight. If the atmospheric and other conditions are favorable the start will be made from this city Monday. The men who will take part in the race, with the clubs they represent, are:

America—Aero Club of America, three balloons; Alan H. Hawley in Balloon St. Louis, 2200 cubic metres capacity; J. C. McCoy, balloon America, 2200 cubic metres capacity; Major Henry B. Hershey, who takes the place of Lieutenant Lahm, prevented from competing because of illness.

Germany—Deutscher Luftschiffer-Verband, three balloons; Oscar Erbsloh in the Pommer, 2250 cubic metres capacity; Captain Hugo von Abercron in the Dusseldorf, 2250 cubic metres capacity; Paul Meckel in the Tuschel, 1300 cubic metres capacity. Each of the German contestants is a noted aeronaut. Baron Hugo von Abercron has made ninety trips and was the international cup race last year. Oscar Erbsloh also is a veteran aeronaut and has made many ascensions. Paul Meckel is a silk manufacturer of Elberfeld, and was the first balloon pilot to cross the Alps.

France—Aero Club of France, two balloons piloted by Alfred Le Blanc and Rene Gaudier.

England—Aero Club of the United Kingdom, one balloon; Griffith Brewer.

The aeronauts who have arrived here, both American and foreign, are loud in their praise of the completeness of the local arrangements. The start will be made from a large park, in which has been installed needful plant for inflating the bags. Pipes have been laid to various parts of the grounds, with taps at convenient points. The road gas will be pumped under pressure through a main from a gasometer holding 4,000,000 cubic feet of gas. Ample provision has been made also for the inflation of the dirigible balloons with hydrogen gas.

## MANY CITIES SEEKING TO HAVE THE BIG CONVENTION

National Republican Convention Wants To Make Choice Of The Place For The Gathering Of Clans.

[SPECIAL TO THE GAZETTE.]  
Washington, D. C., Oct. 18.—When Secretary Elmer Dyer formally opened the headquarters of the National Republican Committee here this week he became immediately the storm center of a merry war. Representatives from six cities are lying siege to him, each delegation extolling the virtues of its special place as a convention city. The cities that are seeking the honor are Chicago, St. Louis, Kansas City, Boston, Pittsburgh and Seattle. Seattle was first on the ground with its invitation, but because of its remoteness it is highly probable that it will not be given serious consideration.

## FRANCIS JOSEPH IS SLIGHTLY IMPROVED

Emperor of Austria Is Reported as Slightly Better Today—Still Dangerous Condition.

[BY ASSOCIATED PRESS.]  
Vienna, Oct. 18.—Emperor Francis Joseph's condition this morning was somewhat worse. He is in no immediate danger.

## ENGINEER KILLED IN SANTA FE WRECK

Eastbound California Limited Ditched but No Passengers Are Injured.

[BY ASSOCIATED PRESS.]  
Trinidad, Colo., Oct. 18.—The California limited, eastbound, on the Santa Fe railway, was derailed at Earl, Colo., at 5 a. m. and Engineer John Thomas was killed. The train was loaded with returning tourists. The Santa Fe sent a relief train from Trinidad, but as there is no telephone connection with Earl definite information is lacking.

## FISH-HARRIMAN FIGHT HAS NOT YET REALLY COMMENCED

Adjournment Taken Until Saturday Afternoon—No Vote on Directors.

[BY ASSOCIATED PRESS.]  
Chicago, Oct. 18.—The meeting of the Illinois Central stockholders today adjourned until tomorrow afternoon. No vote was taken on the directors.

In the Lotus II, capacity 2150 cubic metres, the same balloon used by Santos-Dumont in the international contest last year.

In addition to the international event in which only ordinary balloons will compete, the St. Louis Aero Club has offered \$5000 in other prizes to be competed for by "heavier than air" machines, in which dirigible balloons, aeroplanes and gasolene flying machines will take part. The grand prize of \$2500 is offered for the dirigible balloon or any aerial machine that makes the best showing, provided it makes the six-mile course, turning two goals, within thirty minutes. There is also offered a prize of \$1250 for the dirigible balloon, which must make the best general showing, and a similar prize for the aeroplane or any other style of machine which gives the best account of itself in the competition. These contests are to take place Tuesday, the day following the international event, and will be under the general supervision of the St. Louis Aero Club.

It is in the long-distance international race, however, that most public interest will center, and it is safe to say that the residents of all the territory within a wide radius of St. Louis will be on the lookout for the great aerial flyers that will take part. It is expected that the general direction of the race will be toward the east or northeast as the prevailing winds at this season are from the west and southwest. The distance from here to either ocean is so great that there is little apprehension on that score, but it is not at all impossible, should the winds blow steadily from the south and southwest, that some of the aeronauts may find themselves very close to the shores of the great lakes. The great balloon flight for distance that has ever taken place in America was started many years ago from this city, the aeronauts landing in the vicinity of Buffalo, N. Y.

The aeronauts who have arrived here, both American and foreign, are loud in their praise of the completeness of the local arrangements. The start will be made from a large park, in which has been installed needful plant for inflating the bags. Pipes have been laid to various parts of the grounds, with taps at convenient points. The road gas will be pumped under pressure through a main from a gasometer holding 4,000,000 cubic feet of gas. Ample provision has been made also for the inflation of the dirigible balloons with hydrogen gas.

## INTEREST MANIFESTED IN CONFERENCE TO DISCUSS INDUSTRIAL COMBINATIONS.

[SPECIAL TO THE GAZETTE.]  
Chicago, Ill., Oct. 18.—Widespread interest is being manifested in the conference on industrial combinations, to be held in this city next week, under the auspices of the National Civic Federation. The attendance will include delegates named by the governors of every state and territory of the Union and representatives of national labor, financial, economic, agricultural, manufacturing, trade and shippers' organizations, chambers of commerce and boards of trade.

The first day of the conference will be given over to a discussion of the problems involved in the controversies between state and federal government, respecting jurisdiction over interstate commerce, now pending in Minnesota, Missouri, Alabama, Arkansas and North Carolina.

The corporation will be the subject for consideration on the second day, and on the third and fourth days there will be discussions of the just and practicable limit of restriction and regulation, federal and state, of combinations in transportation, production, distribution and labor. The advisability of amending the Sherman anti-trust act will be exhaustively discussed.

## ITALIAN ACTOR COMING AGAIN.

Berlin, Oct. 18.—Ermete Novelli, the Italian actor, is making the passengers sailing for New York on the Kaiserin Victoria today. He will make a twelve weeks' tour of the principal American cities, opening his engagement Nov. 4 in Philadelphia.

## GOOD ROADS ARE MOST IMPORTANT

NEW OFFICE OF COUNTY HIGHWAY COMMISSIONER IS

### UP TO THE COUNTY BOARD

Care Should Be Taken to Bring Out Good Man for the Position—Everyone Interested.

Everyone is interested in good roads whether he be owner of horse, automobile or walker. Taxpayers are interested in keeping the cost of these roads down to a minimum of taxation so that the burden will not be too heavy to bear. The great state of Wisconsin has miles and miles of unimproved roads; that is, roads that are still in their infancy in the form of thoroughfares that can be used at all times of the year and under all conditions. Legislation to bring about a uniformity of roads is slowly taking form and the recent legislation which passed the law relative to the election of a superintendent of roads for each county made a great step in the right direction. One can find many interesting things in the law which few have read, though an understanding thoroughly. The county board is soon to meet and to add them and others interested in the good roads movement parts of the law are printed below.

**Chapter 487.**  
The opening section is as follows: "The electors of any town in the state at the annual town meeting may vote a special highway tax not less than one-half mill, nor to exceed two and one-half mills on the dollar of the assessed valuation of said town in addition to the highway tax provided by law; said special tax to be collected in money and used only for the purpose of covering any main traveled highway already graded, with gravel, crushed rock or clay and gravel, as shall be approved by the county highway commissioner. Such tax when collected shall be paid into the county treasury."

**Kind of Road.**  
The second section says: "Whenever the supervisors of any town shall with the county board of the county in which such town is situated, a petition setting forth that such town, in addition to levying the usual highway taxes, has voted to cover any main traveled highway after the same has been properly graded at the expense of said town, on plans and grades approved by the county highway commissioner, and such roads have been approved by the county highway commissioner when so graded and prepared, not less than twenty-four feet wide, with gravel, crushed rock or clay and gravel, or less than four feet wide, and not less than eight feet in width, and that said town has provided for the payment of one-half of the cost of covering said main traveled highway with gravel, crushed rock or clay and gravel, or such other approved material, the county board shall appropriate the other half of such cost, and cause such sum to be levied upon all the taxable property in the county, as well, with the amount provided for, by said town, be sufficient to defray the expense of covering said main traveled highway or highways designated in said petition."

**Highway Commissioner.**  
Section five is interesting and is as follows: "The county board shall, at its next annual meeting, elect a competent person to be known as county highway commissioner who shall hold his office for the term of three years, subject to removal from office by the county board, by a two-thirds vote of all the members elect, on the ground of incompetency, neglect of duty or with good cause shown."

**His Salary.**  
Section eight of the law or 1311 of the statutes fixes his salary: "The county board shall, at its next annual meeting, provide a compensation for the county highway commissioner, which shall be paid out of the general fund of such county, as the salaries of county officers are paid."

"Such compensation shall be fixed by the county board at not less than two dollars and fifty cents per day nor more than four dollars per day for time actually consumed in the performance of his duties, which shall be in lieu of salary and all traveling and personal expenses."

"Nothing herein contained, however, shall prohibit any county board from fixing a monthly or annual salary in lieu of such per diem."

**Further Work.**

The law then provides in a following paragraph that "the county board shall, at its next meeting after the passage and publication of this act, designate a system of prospective county highways; such roads when so designated shall extend into every town in the county and shall constitute continuous lines of highway as nearly as may be practicable. Only such highways shall be designated as shall best serve the interests of the general public. Successive county boards may alter or discontinue any of such highways or extend such system, but shall not discontinue any part of such system which has been improved and adopted under the provisions of this act, or which is in process of such improvement or adoption, without the consent of the town board in which it is situated."

Also "the county board shall cause to be made an outline map of such county system of highways, and shall cause a copy of the same to be placed in the office of the county clerk and in the offices of the various town clerks of the county, and shall also deliver a copy to the highway commissioner; such map shall be corrected from time to time under the direction of the county board."

**Important Place.**  
This new office created by law is an important one and one which must be filled with care. It should not go to political appoint, but to some one with training as an engineer. The county board when it comes to have hard work out of them and each taxpayer in the county should see that their representative is instructed relative to the wishes of his constituents on the subject.

## CLAIRVOYANT HAD VARIED EXPERIENCE

Man Who Robbed Deloit Woman of Diamonds Exposed Himself While Operating Here.

Prof. E. H. Bishop, the clever clairvoyant who duped Mrs. G. A. Williams, of Deloit, into letting him charm her diamonds so that she would never lose them, tried to work the same game on a man in this city but his efforts were fruitless as his prospective victim was wise and refused to answer. It is thought that he hypnotized Mrs. Williams while getting the diamonds from her for she declares that she mistrusted the man, who was rooming at her house, and would not have let her precious stones pass into his hands if she had realized what she was doing. The "professor" declared to local people that he possessed hypnotic power and could reveal the future by asking a person under hypnosis to answer questions about their past and their plans for the future. From their answers he could deduce what the future would be and could tell whether or not they would live long, become wealthy, or become prominent in their chosen vocations. Impressing this power upon a certain man, who professes that his name he unmentioned, he endeavored to have him allow himself to pass into a trance so that the future might be known and the curtain pulled aside. The motive of the trickster was then exposed by this prospective victim and he is practically known to a certainty now for he is fortunate enough to wear a large diamond on his left hand. The large stone evidently appealed to the man who tried to buy it and made offers of purchase. But it was never his lot to have the ring in his hands as the man refused to take it off his finger unless he had his price in his hand first. He probably had a phony which he would have passed back to the owner of the genuine if he had once laid hands on the ring. The post of this man, who duped a woman into letting him steal her rings in her presence, is not definitely known to any one in these parts but one evening, shortly before his departure from here, he divided a few of his deeds to this same man while in a state of somnolence. It was after his attempt to get the ring had proved in vain, that he told of some of his deeds while in a state of somnolence. He declared he had operated in Seattle, Wash., at times when he cleaned up some easy money. His chief source of getting money without working for it was to get in some gambling house where money was flowing from the drinks and get the crowd betting. After some of the blue bloods would get their money on the table he would turn off the lights, or have an accomplice do it, then grab the money and make his exit. He declared he also worked the same kind of a game at race tracks where he would pose as a genuine tout, flash rolls of bills, and dare some money lay out of a neat sum. He declared he practiced other tricks to make large "bumps" such as hypnotizing women of weak character and then go through their pockets.

This medium has also traveled over most of the west and south, making his headquarters in the larger cities where he could operate with less notice and make his getaway easily. He made a practice of spending part of his winters in the south where winter resorters flocked. These were easy money for this gambler for it was no trick at all to get a nice bunch of money from wives of wealthy men who remit with a check of three or four figures every week or two.

But he always chose his subject. Many times did he tell people wishing for luck the fortune told that he was lucky when he would be at leisure in his office while located here. A person of stern countenance, indicating strong will power, he refused to deal with. They were not his kind. The wedding was his victim; the person having a weakness for such facts as clairvoyance he could possibly duped and if so, great were the returns of the day. No reports of any thefts from persons were circulated about this man while he was here but it is safe to presume that some of his customers are missing a jewel or two if he had good opportunity to make the hit. He was smooth in his conversation, tried to convey the impression of the stranger that he was the most sensible and pure man that breathed. The vulgar was repulsive to him, he could not tolerate it. But he has said farewell to these parts, probably never to return.

**True Proverb.**  
It is a true proverb, that if you live with a lame man you will learn to halt.—Plutarch.

## FISHWAY AT DAM IS EARNESTLY SOUGHT

Jefferson County Union Advocates That the Indian Ford Dam Be Fitted With One.

According to the Jefferson County Union a fishway should be established at the Indian Ford Dam. The paper in advocating the idea hits upon a plan which would improve fishing not only at Lake Koshkonong but also in the Rock River and is worth considering. It says:

There is something near the lower end of Lake Koshkonong worth the while of every citizen to take hold of and push to success, and that is the putting in of fishways in the Indian Ford dam. The ordinary citizen may not fully comprehend the value of a way or path by means of which the game fish carried over the dam in early summer, may return the next spring, but there is no sportsman in this region but that deprecates the fact that Indian Ford dam stands as a barrier to the passage of fish except at such rare times as two years ago when the volume of water passing over it was so great that it was practically obliterated and appeared only as a long ripple. The dam at Indian Ford now has a fishway which works satisfactorily. Every spring crowds of people stand near it and watch the fish dart from one jutting plank to another until they have completed the series on the entire incline and pass into smooth water. It does not take the oldest inhabitant to recall the days when we had splendid bullhead and perch fishing. Last winter to the amazement of all a lot of perch were caught. Of course none of the perch could tell how they got back into our waters, but the probability is that they took advantage of the few days when it required little or no leap to mount the Indian Ford dam. The bullhead, being too slow for this work, failed to come. If we remember right, there is a provision in the dam charter that forces the building of fishways. It covers built at all times are not there now, and it will require some effort to put them there. Nothing is impossible to a determined people and the Union hopes to see a movement that will stir up matters and keep them boiling until the Indian Ford dam has a fishway that is a practical success.

## LITTLE DOING WITH THE TOBACCO MEN

Buyers Appear To Be Waiting To See What Is Going To Happen To This Year's Crop.

According to the Edgerton Tobacco Reporter conditions toward ending the shedding crop are more favorable at this writing than at any time since the war was begun. The early harvest is making a fine showing and the moist weather followed by warm days gives promise of helping out a large measure of the late cuttings.

There is not yet the slightest indication of a buying movement and in all probability this is the best thing that could happen to both grower and buyer.

## DR. MCCARTHY COACH WITHOUT POSITION

Takes Charge of the University Football Squad Without Any Real Authority To Do So.

Madison, Wis., Oct. 17.—The unusual spectacle of a leading university football team being coached by a man who receives not one cent of salary or other remuneration for his hard work is presented at the University of Wisconsin, where the gridiron work is practically solely in charge of Dr. Charles McCarthy.

Dr. McCarthy, while Professor of Physical Education, is technically and officially head coach, and receives a salary of \$3,000 a year, the active work of developing the eleven is in the hands of Dr. McCarthy, who refuses to take any pay. He is director of Wisconsin's legislative reference library and lectures in the university on political and legislative science, but works at football because of enthusiasm gained in four years of membership in the gridiron fraternity as a star on the Brown university eleven. A few years ago he was assistant coach here, but on account of the jealousy of Head Coach Arthur H. Harts, had little to do with making the team. Now, although having no official position in the athletic department, he is "the whole thing" in football and there is absolutely no restraint upon him by reason of the fact of a superior that McCarthy will get credit for making the varsity eleven. In fact, it is one of the daily wonders of the university community, that Dr. McCarthy has practically sole charge of the varsity eleven and Coach Harts has never exhibited the first symptoms of jealousy. It appears, as the students declare, that Dr. Harts has recognized that he is no match at the coaching game to McCarthy and is big enough to let the better man have the whole say. This fact is frequently mentioned here as the great strength of Professor Harts, and he is popular among the students on this account.

## BIG INCREASE IN STUDENT NUMBERS

University Gains 411 in the Past Year—Many New Courses.

Madison, Wis., Oct. 18.—An increase of 411 students over a year ago is shown by the completed enrollment figures of the University of Wisconsin. The total enrollment this year is 4,072. Besides the increase in the number of students, the institution has made a commensurate growth in the number of members of the faculty and staff of instruction. This large growth is due in part to the prosperity of the state, the people having the money to send their young men and women to an institution of higher education; partly to the growth of the belief in the practical wisdom and necessity of university training; partly to the natural growth of population in the state, and partly in the growing reputation of the University of Wisconsin.

## LOCATES PLACE OF RECENT SEA QUAKE

Is Between the Hawaiian Islands and the South Coast of Mexico—May Have Tidal Wave.

Berkeley, Calif., Oct. 18.—Prof. Lawrence of the University of California announces the center of the earthquake disturbances on Wednesday was about a thousand miles south of Berkeley in mid-ocean. The probable location is between the Hawaiian Islands and the south coast of Mexico. The shock is known as a sea quake and is usually followed by a tidal wave. The professor says the intensity of the quake far exceeded the California or Kingston earthquakes.

President Van Hise of the state university who is an authority on matters relative to earthquakes has the following to say relative to quakes in general which applies directly to the present disturbance recorded at Washington and Albany:

**Recent Shocks Unrelated.**  
"Within the past year have occurred three great earthquakes of San Francisco, Honolulu, and Kingston, and also the great quakes of Venezuela, which only a little earlier occurred the outbreak of Martinique and St. Vincent," said President Van Hise. "The question naturally arises as to whether or any of these phenomena is the cause of any other. This question can be unqualifiedly answered in the negative. These different volcanic outbreaks and earthquakes are the result of the same great cause, a period of readjustment of the earth's crust. A study of geological history shows that, in the evolution of the earth, there have been long periods of relative quiet, followed by a brief period of great readjustment. It is in the time of these great readjustments that the volcanic plagues of the west were poured out, and the great mountains of the tertiary period were built up. While we are now again in a period of relative quiet, it appears that the earth crust is in one of its very minor periods of readjustment, which, while of little consequence to the earth as a whole, has resulted in these great disasters to man."

"The earth is now, as it has been in the past, in a condition of flux," continued President Van Hise. "That the air and water are in constant motion we are well aware, but the earth crust has a continuous, although slow, motion we do not appreciate. The earth is not finished, but now, as in the past, it is ever being remade. It is this process of readjustment of the earth's surface that produces earthquakes. During these great earth movements rigid rocks which at the surface are as brittle as glass, are folded and bent back upon themselves like the leaves of a fan."

**Fractures of Rocks Cause Quakes.**  
"This folding of the rocks results in complex fractures," the speaker pointed out. "The fracturing is usually confined to the upper part of the crust of the earth, perhaps largely to the outer ten miles. The displacement of rocks along the fracture is called a fault, and may extend for many miles, sometimes hundreds of miles in length, and several miles in depth. The formation of the fracture produces a tremendous shock. From the plane of the rupture rock-waves go out in all directions, having great intensity near the fault plane, but gradually dying out. The fault fracture of the San Francisco earthquake has been traced for a distance of more than 300 miles along the coast of California."

**Vibrations World Wide.**  
"The area in which the vibrations of the rocks are perceptible to the senses in the case of some of the great earthquakes is to be measured in millions of square miles," President Van Hise said. "The shocks of the greater earthquakes have set the entire world into vibration, as is shown by the delicate seismographs scattered at various places over the world. Of the comparatively recent earthquakes, that of India in 1897, that of Alaska in 1899, and those of San Francisco and Santiago last year, were world shakers."

**Tidal Waves.**  
"Frequently when an earthquake originates under the sea near the continental border, a great wave is produced which sweeps over the adjacent land. This is called a tidal wave. The readjustment of the earth's surface results also in the sinking of the land about the ocean so that it may be entirely submerged. The reports from Kingston indicated that the earthquake was accompanied by this sinking of the land, and also the deepening of the bay."

**OBITUARY.**  
**Mark Collins**  
Yesterday afternoon the sorrowful news reached this city that Mark Collins, formerly of Janesville, died at the home of his cousin, 70 Mountain avenue, Chicago, after a lingering illness with pneumonia which followed a cold. He was 49 years of age and had been in this city for a few years but for the last 23 years he had been in the railway mail service. His last run was on the St. Paul road between Chicago and Minneapolis. He won several medals of distinction in competitive examinations in the service. Mrs. Morris Leahy, sister of the deceased, left for Chicago this morning and will bring the remains to this city tonight, arriving at 9:15 over the North-Western road. The deceased is survived by his parents, Mr. and Mrs. Patrick Collins, 105 Holmes street, and a sister, Mrs. Morris Leahy, of Ravenswood, Ill. Funeral arrangements have not been made.

**Thos. Costello**  
Friends and relatives gathered at the St. Patrick's church at 9 o'clock this morning to pay their last respects to Thos. Costello, who was tenderly laid to rest in the Mt. Olivet cemetery. The Rev. J. J. McGinnity officiated. Profuse floral offerings were made by bereft friends. The pallbearers were Jas. Riley, William Kelly, H. D. Sherwood, John McGuire, Herman Valentine, and Otto Johnson, the last three representing the Fraternal National League of which order the deceased was a member.

**Albert Gehrke**  
At two o'clock this afternoon the funeral of the late Albert Gehrke was held from the Oak Hill chapel, the Rev. J. J. Thomet officiating. An escort of Spanish-American war veterans, who acted as a firing squad, attended the funeral. The pallbearers were H. G. Jocke, Albert Nott, Henry Gramer, Jos. Manther, John L. Snyder, and Chas. D. Pearce, all of whom are Spanish-American war veterans, the deceased having served in the late war in the Philippines.

**George Clough**  
George Clough succumbed to death at 8:20 last night at his home, 220 South Pearl street. He had been ill several weeks. The deceased was born June 17, 1825, in Bradford, Yorkshire county, England. He moved to this city in March, 1865, and has been a resident of Janesville most of the time since. A widow and a son, James Clough, survive him. The funeral will be held from the St. Patrick's church tomorrow morning at 9 o'clock.

**Something He Missed.**  
Leon, the six-year-old son of a New Hampshire newspaperman, was taken to church for the first time when there was a communion service. Gazing at the preliminary preparations with the deepest interest, his curiosity got the better of him when the plates of bread were handed solemnly to the waiting deacons, and in a loud whisper he inquired of his mother: "Is it cheese, mamma?"

## SPECIAL ATTENTION SHOULD BE CALLED

Citizens Asked to Help Contribute to the Mercy Hospital Fund as Planned by Twilight Club.

Below will be found a notice of the special committee of the Twilight club appointed to receive offering for the Mercy Hospital fund. The cause is a good one and worthy of the hearty support of the citizens. There is great need for active work in the matter and the committee will be glad to be aided by all who feel able to contribute to the good cause. Their notice is as follows:

The committee which was appointed by the Twilight club for receiving an offering from the citizens of Janesville for the Mercy Hospital has arranged for the same by placing boxes in twenty-five or thirty different places, with cards calling attention to the boxes and explaining the object of the offering. It is very much to be desired that the citizens generally will respond to this appeal for the hospital. The Sisters have assumed a large responsibility in undertaking to finance the institution, and now certain repairs are needed, interest on mortgage must be paid, and current expenses met, which tax the resources of the institution to the utmost. Persons who have visited the hospital have met with the most cordial consideration. Emergency beds are maintained which are in constant demand. It is right and just that the city should support such a charity. Therefore, the committee urgently appeals to the citizens to respond liberally to this effort to relieve the hospital of a burden which it should not be compelled to carry.

F. E. LEWIS,  
J. W. LAUGHLIN,  
A. E. MATTHEWSON,  
Committee.

## BELOIT MEETS RIPPON IN FIRST BIG GAME

Two Rival Schools Will Try for Honors on the Gridiron on Saturday.

Ripon, Wis., Oct. 18.—The first big college game of the year in Wisconsin will be played at Beloit on Saturday, when Ripon college, which beat the state line colleges last year, goes to Beloit for a try at the old-time rivals of the local school. For fifteen years past the two schools have met on the gridiron, with varying success. Ripon goes into the light tomorrow with its hopes of success at zero, for the loss of Sweetland, whose sister died this week, has taken him out of his old position at fullback, where he was playing a star role all last season. Several new plays had been prepared for the Beloit team, but will be sprung owing to the absence of the star fullback. The man who will find the place has not been decided upon, for there are several likely candidates.

### MARKET REPORT.

[SPECIAL TO THE GAZETTE.]

Chicago, Oct. 18.—Cattle receipts, 5,500; market, steady; hogs, 4,000; \$7.35; cows and heifers, \$1.60 to \$1.70; western, \$1.00 to \$1.05; calves, \$5.50 to \$5.75.

Hog receipts, 14,000; market, steady; the higher, light, \$6.25 to \$6.30; heavy, \$6.15 to \$6.25; mixed, \$6.20 to \$6.25; pigs, \$5.50 to \$5.65; bulk of sales, \$6.45 to \$6.60.

Sheep receipts, 6,000; market, steady; western, \$4.75 to \$4.85; natives, \$3.00 to \$3.50; lambs, \$4.75 to \$4.80.

Wheat: July—Opening, \$1.02; high, \$1.02½; low, \$1.01; closing, \$1.01½. Dec.—Opening, \$1.02½ to \$1.03; high, \$1.02¾; low, \$1.01; closing, \$1.01. May—Opening, \$1.08½; high, \$1.08½; low, \$1.05½; closing, \$1.06½.

Rye—Closing, 86.

Corn—Closing: May, 61½ to 62; Oct., 62½ to 63.

Oats—Closing: May, 55½; Dec., 55½.

Poultry—Live, easy; turkeys, 13; chickens, 8½ to 9; spring, 10.

Butter: Creamery, steady, 23½ to 24½; dairy, 21 to 21½.

Eggs—17½ to 18.

### JANESVILLE MARKET

Janesville, Oct. 18.

Far corn—\$20 to \$21 per ton.

Rye—\$20.

Oats—New, 53 to 55.

Barley—75 to 80.

Feed—Corn and oats, \$20 to \$23 per ton.

Standard middlings—\$20 to \$23 per ton, sacked.

Wheat—\$27 to \$28 per ton.

Oil meal—\$1.35 to \$1.55 per cwt.

Corn meal—\$28 to \$30 per ton.

Hay—New, \$12 to \$13.

Straw—Baled, per ton, \$6 to \$6.50.

Creamery butter—30½ to 31 lb.

Dairy butter—20 to 22 lb.

New Potatoes—50 to 60¢ per bu.

Eggs—20 to 21¢ doz.

Miss Fritz Still the Champion.

New York, Oct. 18.—Miss Rose L. Fritz, of this city, successfully defended her title of champion typewriter at the national business show at Madison square garden Thursday, defeating Paul Hunter, of Chicago, from whom she won the championship three years ago.

Bad Fire in North Dakota Town.

St. Paul, Minn., Oct. 18.—A special from Oakes, N. D., says that a fire there Thursday burned out 19 business houses and that the loss will be at least \$120,000. About one-third of the loss is covered by insurance.

Shooting Brother to Death.

Minot, N. D., Oct. 18.—A. Boertz, of Burlington, shot and killed his brother Wednesday night. The men operated a poolroom and it is alleged they had been quarreling. Boertz says the shooting was accidental.

Evil of Gambling.

The fact is, there are more men ruined each year through race gambling than any other agency, with the possible exception of drink. The kind of men who are ruined are not stable boys, jockeys, owners or any of the men connected with racing. It is the clerk, the wage earner, and the small business man who falls a victim to the seduction of the betting ring.—Chicago Tribune.

## PRESS COMMENT.

Schools to Swap "Rowdies"  
Exchange: A press dispatch from Appleton announces that the Lawrence university students, who were suspended for participating in the class "scrap," are soon to leave that institution and enter the state university at Madison. Now if the state university students who are under the ban for similar offenses, committed at Madison, are able to enter Lawrence the exchange of rowdies will be complete and college discipline made a dead letter quite as effectively as if no attention had been given these exhibitions of lawless in the first place.

Courts to Try Lawless First  
Fond du Lac Commonwealth: The old established custom of newspapers in publishing the pleadings and other papers in connection with suits, as soon as they are filed with the clerk of courts, has received a body blow at the hands of the supreme court. In an opinion, handed down Tuesday, that body holds the practice to be unlawful and, as a result, newspapers will likely hereafter publish less news about litigation before the cases actually come to trial. The ruling will be particularly hard on those attorneys who make a business of trying their cases in the newspapers, in defiance of the hearing in court.

Prophet of the Utterly Absurd  
Madison Herald: The Chicago Record-Herald of Tuesday publishes a dispatch from Washington to the effect that the republican national committee may not admit the delegates from Wisconsin chosen at the regular spring election instead of by a convention.

The writer of the dispatch was evidently hard up for something to write about. The suggestion is absurd. Of course the delegates from Wisconsin will be admitted, and admitted without a question. It makes no difference who they are, for, or how they are divided, the men elected under the laws of this state at the election next spring will be seated.

The suggestion of trouble is absurd on its face, and yet it will doubtless be repeated as an evidence that the national committee is fighting some one in Wisconsin.

Primary Means Party Disruption  
Chicago Inter Ocean: Do those men want the organization to which they owe so much, and without which they would not exist politically, destroyed? Do they want the Illinois brought by the direct plurality primary to the condition of Wisconsin, where there is no longer either a republican or any other real party, but merely a La Follette crowd and an anti-La Follette crowd—merely a mob following a demagogue and another mob which does not follow him but is impatient to put him down?

Have these men no sense of gratitude to their party, and no respect for its traditions, its dignity, and its honor?

If they are not destitute of these qualities, if they have a real loyalty to their party, real loyalty to the country, if they would not substitute minority rule for majority rule, not merely representative government to newspaper government, they will stand up as one man against the party traitor in the executive mansion at Springfield who, though lifted from obscurity to the seat of power by the republican party, is now preparing to drive the knife into its heart.

Men Tall and Short.

Mullhan, the statistician, whose figures are quoted all over the civilized world, makes an interesting statement as to the average stature of men of different nations. Taking the age of 20 as the period of life, he gives the following figures: Americans, 68.1 inches; English, 67.9; Scotch, 67.4; German, 66.2; Russian, 65.4; Hindoo, 65; Chinese, 61.2; Bushman, 62, and Laplander, 60.

Box Cubes at Play.

Poor Cotton Production.

Only 805 bales of cotton were raised for the season of 1906-7 in the German territory in Africa, comprising an area nearly as large as the entire American cotton belt.

Patt's Sunny Philosophy.

If there is the tiniest speck of blue in the sky, and there nearly always is, I look for it, and that makes the whole heaven blue for me.

ROCK

Rock, Oct. 16.—The cutting of the corn is finished and the farmers are now busy digging sugar beets.

Mrs. Kate E. Kennedy has returned from an extended trip to the west.

Henry Knox was a visitor at H. J. Garske's.

Maurice Reed has improved the appearance of his home by a new coat of paint.

Will Robinson is improving the appearance of his new home which he recently purchased and is known as the Pierce farm.

Levi Babcock has moved to Janesville.

Miss Nellie Golden is entertaining her sister Agnes from St. Louis.

Leonard Kellogg and bride are expected home soon.

Mrs. Will Robinson has returned from Watertown, where she was visiting relatives.

Miss Mae Reed has resumed her former position at Mrs. H. Tracey's.

Miss Nellie Golden and sister visited friends in Janesville the latter part of the week.

The Kennedy-Blaithworth nursery starts in work Monday.

John Hunt of Chicago is a visitor at Mrs. M. O'Brien this week.

Harry Kennedy and his friend of Madison spent Sunday at the parental home.

Martin Baumgartner, Clarence Brant and Will Brant spent Sunday in this vicinity.

James May is preparing to move on to the Henry Gray farm.

Officer Beneko has moved onto the Fred Terwilliger farm.

Miss Olga Voblan has returned home from Janesville, where she has been working.

# J.M. BOSTWICK & SONS.

## The Perfect Fitting Munsing Underwear for Men, Women, Children

### The Munsing Underwear is the Most Sensible, Serviceable and Satisfactory to be Obtained.

In quality fine enough for the most fastidious. In cost, so moderate that it may be enjoyed by all. Underwear costing two or three times as much will give no more real comfort.

The fact that people who have once worn the Munsing Underwear can seldom be induced to buy any other, is the best evidence as to the merits of the goods.

The yarns are the best that can be secured. The various garments manufactured are the finest that can be produced for the prices quoted and will wear longer, wash better, and give more service than any similar garments on the market. Whether considered from the standpoint of health, durability, appearance or price, the Munsing Underwear merits your patronage. No other underwear combines so many good qualities and is so moderate in cost. We have sold Munsing Underwear for 20 years.

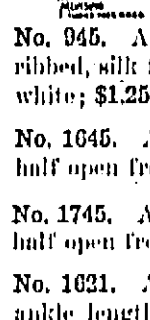

### Union Suits for Women

No. 245. A heavy weight worsted fabric, two-thirds wool, natural, button, half open front, high neck and long sleeves, ankle length; \$2.00 per suit.

No. 345. A light weight, worsted fabric, three-quarters wool, button, half open front, color white and natural; \$2.50 per suit.

# PYROGRAPHY OUTFITS

## 98 CENTS

We have secured direct from the manufacturers, at a special price concession, one hundred complete Pyrography Outfits, the regular price of which is \$1.50. We will sell these 100 sets at 98 cents each—the actual cost to us.

Pyrography is becoming more popular every year and one of these outfits furnishes everything necessary to enable you to make handsome and useful articles. There's no end to the variety of articles which can be beautifully decorated with one of these outfits, and burnt wood art is both pleasing and lasting.

## SEE OUR WINDOW DISPLAY

We have a splendid new line of unfinished wood for Pyrographic work. Practice pieces at 2 cents each; nice boxes—handkerchief boxes, cuff and collar boxes, necktie boxes, photo boxes, etc., at 15c, 25c, 35c, and up to \$1.25.

Panels in all sizes and with a large variety of designs; book racks, bowls, tobacco jars, brush and comb holders, match safes, hand mirrors, photograph frames, waste baskets, tabourettes, and many other desirable articles, beside a special line of the celebrated Howard Chandler Christy copyrighted panels.

## This is the only complete stock of Pyrography Outfits and Wood in Janesville. It's all new and includes only the latest and best.

Don't miss this chance to secure a good, complete Pyrography outfit for 98 cents. Come in and examine them and look over our splendid stock of outfits and supplies.

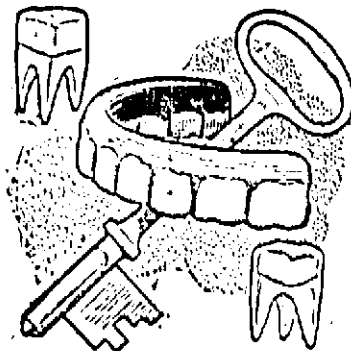

# CARL W. DIEHLS

W. H. HUNTER, A. T. LUTHER,  
J. G. HERRICK.

Saving is better than earning in the long run.  
The safest investment is a savings account in a strong bank.

It returns a fair rate of interest and is ready for use in case of necessity.  
This bank pays 3 per cent interest on savings accounts and on demand certificates of deposit.

## ASK ABOUT THE RED TRUNK

## THE MAIN THING IS PURITY

Our business is constantly growing and it is based on prompt service, convenient deliveries and a PURE PRODUCT.

And the main thing is PURITY.

No dirt, no germs, no disease in pasteurized milk.

**JANESVILLE PURE MILK CO.**  
Gridley & Craft, Props.

## THURSDAY JONAH DAY FOR THE AUTOISTS

George S. Parker's Narrow Escape on the Bridge Followed by Two Other Accidents.

Last evening a second auto accident occurred. F. H. Blodgett's car caught in the car tracks on the Milwaukee street bridge near the Tracy Brown residence, while coming down, in a similar manner to Mr. Parker's on the bridge and when he tried to turn out was tipped over by the momentum, injuring the car but not the occupants. Another accident in the county to a Janesville car was reported when Arthur H. Harkness' car was run into a ditch to prevent hitting a team that would not give up the middle of the road. The Milwaukee street bridge where Mr. Parker had his narrow escape was repaired this morning at his orders.

**Suit in Municipal Court:** In municipal court this afternoon steps were taken to select a jury for the trial of the action of George M. Phillips vs. the Western Union Telegraph Co.

## A. H. HAYWARD WILL BE BANK EXAMINER

Leaves His Position in Merchants and Mechanics Bank for New Position.

A. H. Hayward, for the past four and a half years identified with the Merchants and Mechanics Bank in the Savings Department has resigned his position to take effect November 1 to take up the work of a state bank examiner under Commissioner Burgh. Mr. Hayward adds from his duties in the bank conducts a night school and under his change of business in considering extending its service to that of a day school as well. The headquarters of the Bank Commissioner is in Madison and Mr. Hayward will either remain in Janesville or remove to Madison or Milwaukee but will devote much of his time to his Janesville interests.

## BRIEF LOCAL NEWS

Taken to Jail: Mary James of Deloit will spend the next fifteen days as an inmate of the county jail having been sent up for that period by Judge Rosa in default of a fine of \$3 and costs.

Take in large class: The third of a series of large classes initiated into the Fraternal Order of Eagles were given their wings last evening at the lodge rooms in the Carle block on East Milwaukee street. Twenty-five passed through the trying ordeal successfully to the amusement of the other members of the lodge.

**Sunday Afternoon:** At the Sunday afternoon service Rev. R. M. Vaughn will talk on "A Man's Covenant With His Eyes."

**Settled Out of Court:** The somewhat noted horse lawsuit of Philip Sheridan vs. Joseph P. Wright came up in Judge Redder's court this morning and was dismissed on motion of the plaintiff, a settlement satisfactory to both parties having previously been reached.

**Held a Picnic:** George McRoy and a party of friends consisting of G. E. King, W. H. Greenman, V. P. Richardson, Charles Putnam and Geo. Simpson and others went up the river this afternoon in a launch. A picnic dinner will be served later, the party returning this evening.

**Mrs. Baidinger Entertained:** Mrs. Randolph Baidinger, who is to leave shortly for Washington state with the expectation of spending the winter on the Pacific coast, was hostess to a company of ladies at the home of Mrs. F. W. Hendricks on Sutherland avenue, Thursday afternoon.

**Janesville Men Past:** Out of 27 applicants who took the state examination before the planning board 23 passed, among whom were Theodore R. Hoyer and Charles L. Funk, both of this city.

**CUT THIS OUT AND SAVE IT.**

**Rapid Fortunes** Are to be Made in Texas Lands.

We are leaving tomorrow for San Angelo, Texas. Any information in regards to Texas \$4,000 to \$10,000 lands on forty years' time at 3 per cent interest will be given by addressing the parties below.

**JOHN and WASH HOSKINS.**  
Address for information: John H. H. and agent, or R. W. Hoskins, live stock dealer and trader, San Angelo, Texas.

20 years in land business.

**Clothing Injures Health.**  
The South African native affares commission reports that while the adoption of European clothing by the natives has promoted public decency it has injured the health of the wearers.

## PERSONAL MENTION

George Schurtliff is home from a visit in Chicago.

Mrs. James Puffer of Minneapolis is the guest of Mrs. O. H. TIT.

Mrs. John Abel of Joliet is the guest of Mr. and Mrs. Dan Higgins for a few days.

Mrs. Len Pruner entertained at cards Thursday afternoon.

Miss Helen Nash entertained at a six thirty supper last evening followed by cards, in honor of Miss Madge Laure of Los Angeles, Cal.

Mr. and Mrs. William Smith who reside on Washington street were surprised last evening by forty of their friends who appeared with well filled hamper. A delicious supper was served at eight o'clock and the remainder of the evening was spent in a delightful manner.

Edith Dutton is in Milwaukee.

Le D. Conant who has been visiting in this city and St. Louis returned to LaCrosse today.

W. W. Lavin of Stoughton was in the city yesterday.

Mr. and Mrs. C. C. Bryant of Roscomb were in the city last evening.

H. M. Haddock of Oregon was in the city last night.

L. C. Whitte of Edgerton was in the city yesterday.

Fred Wilkerson, who has been seriously ill with typhoid pneumonia, is slightly improved today.

H. P. Dunwiddie is at Brothhead today on legal business.

Washington Hoskins of San Angelo, Texas, a former resident of Janesville, renewed old acquaintanceships here this morning.

R. E. Van Meter and Mrs. J. K. Van Meter of Darlington were Janesville visitors today.

Mr. and Mrs. Oscar Ruffely of Warren, Ohio, were visitors in the city last evening.

Mrs. James Haggart of Deloit visited in the city last night.

## CAUTION

We warn the man or woman who has a comfortable account in the bank against drawing that money for questionable investment enterprises. The majority of people are not able to judge every offer of promoters. When you buy stocks or other securities from a stranger you are running a risk and besides you are paying a price that means good profit to the seller. Good bargains don't go begging.

On the other hand, your money in a sound bank is absolutely safe, draws a stated and reasonable amount of interest, and you may add small or large sums from time to time or withdraw any part whenever necessary.

Our facilities for your convenience and service are unequalled, and we are glad to be of any assistance at any time by way of consultation and advice.

**WE PAY 3 PER CENT ON SAVINGS DEPOSITS.**

## NASH

## Enemies Died Together.

A bird was seen to fall in the yard of the works department at Deal Bar racks, London, recently. It was a blue rock pigeon, with an adder tightly coiled around it, and both were dead. The adder, which measured two feet, six inches, was twisted around the pigeon's neck and one wing, and the pigeon's head tightly gripped the snake's head.

Buy it in Janesville.

### ACCUSED OF CRIMINAL LIBEL.

Editor of San Jose, Cal., Arrested on Congressman's Complaint.

San Jose, Cal., Oct. 18.—Charles M. Shortridge, ex-state senator, editor of the Daily Times and former owner of the Mercury, was arrested Thursday on complaint of Congressman E. A. Hayes, on a charge of criminal libel.

The action grew out of an assertion by Shortridge, in a public speech last Wednesday, that he had information that Hayes had burned his former mansion at Edenville for the insurance, which statement, together with another serious accusation, was published in Shortridge's paper the following morning. Judge Brown fixed Shortridge's bail at \$1,000, which was given.

Woodmen to Build Sanitarium. Rock Island, Ill., Oct. 18.—In the hope of reducing life insurance losses, the executive council of the Modern Woodmen of America Thursday closed a deal for the purchase of 1,000 acres of land adjoining Colorado Springs, known as the Ambler ranch, whereon to erect a sanitarium for the treatment of members of the society afflicted with tuberculosis.

Leaves Fund for Poor Students. St. Paul, Minn., Oct. 18.—By the will of the late John D. Laidson, a Minnesota pioneer, which was filed for probate Thursday, \$15,000 is bequeathed to the University of Minnesota for the benefit of needy students, and \$1,000 to the Tuskegee Normal and Industrial Institute at Tuskegee, Ala.

Former Federal Judge Hawley Dies. San Francisco, Oct. 18.—Former United States District Judge J. H. Hawley, of Nevada, died Thursday morning of kidney disease at the St. Francis hospital, at the age of 77 years. He was appointed United States district judge when at the age of 60 years. He leaves a son, Ernest Hawley.

Motorman Arrested for Murder. Cincinnati, Oct. 18.—On a warrant charging second degree murder, Elias Tunling, motorman on the trolley car, which jumped the track on the Mount Hope curve Wednesday, killing one man and seriously injuring more than 50 others, was arrested Thursday afternoon.

A Fable. "The dangers of sensational journalism are many," observed the philosophical fly; "and yet it suits the taste of some persons to the extent that it becomes a positive appetite with them. Now, there's my brother," he continued, pointing to a struggling, buzzing unfortunate. "He's so badly stuck on that yellow sheet that he's all tangled up and doesn't know which end he's on?"—Cleveland Leader.

Miss Ella Swahn left for Brookhead Wednesday where she will visit her sister, Mrs. Wm. Hatzel.  
Mr. and Mrs. Bakke entertained a

## OLD TEXAS BANK ASSIGNS

T. W. HOUSE OF HOUSTON UNABLE TO REALIZE ON ASSETS.

Concern Was Founded in 1838—Resources Sufficient to Pay Creditors in Full.

Houston, Tex., Oct. 18.—One of the oldest banking houses in Texas went to the wall Thursday afternoon when T. W. House, banker, filed a general assignment under the state law.

W. L. Chow, W. D. Cleveland and J. S. Rice were named as assignees. They qualified by giving bond in the sum of \$100,000 with James A. Baker, Jr.; Frank Andrews and Edwin H. Parker as sureties. The bond was presented to Judge Norman G. Kittrell and was approved. It is stated that the resources are amply sufficient to pay creditors 100 cents on the dollar.

Inability to realize on securities not readily convertible into cash is considered the only cause of the assignment. Prior to the action which placed the matter in the courts, the Houston clearing house held a prolonged session but nothing was given out for publication.

The House bank was established in Houston in 1838 by the father of the present banker. It had weathered successfully every financial storm since that date. It was a private bank unincorporated and has never made a statement of its affairs.

Mr. House has enormous holdings of land and other investments in many portions of the state and has been rated since he first engaged in business as one of the state's wealthiest citizens.

It is stated that the bank had deposits of more than \$2,000,000 when the doors were closed.

## CRAZY MAN SHOOTS DEPUTIES.

Kills One and Wounds Another When They Try to Capture Him.

Covington, Tenn., Oct. 18.—While endeavoring to arrest James P. Stroup, an insane man who escaped from the Holston state asylum, near Atoka, about a month ago, Deputy Sheriff Charles M. Webb of Atoka was killed and Deputy Louis Ogilvie of this city was dangerously wounded Thursday.

After his escape from the asylum Stroup hid at the home of his brother, near Atoka. Several days ago he became unruly and his relatives asked that he be again taken in custody. When the officers attempted to force their way into the room in which the insane man had barricaded himself Stroup fired on them. At last reports he was still barricaded in the room.

## THREE DIE IN COLLISION.

Disaster on the Southern Railway—Nineteen Are Injured.

Greensboro, N. C., Oct. 18.—Three persons were killed and 19 injured in a collision between a north-bound Southern railway passenger train and a freight train, at Ridd, N. C., eight miles north of here, at 10:30 o'clock Thursday night.

The fireman of the freight train is reported among the killed and the engineer injured.

Details are lacking, but it is said that the freight had taken the siding to allow the passenger train to pass, and the switch was left open.

## Gas Institute's New Officers.

Washington, Oct. 18.—The selection of Detroit, Mich., as the place for holding the next annual meeting and the election of officers were features of the evening session Thursday of the second annual meeting of the American Gas Institute. Alexander Humphrey, of New York city, was chosen president; Henry L. Dogberry, of Denver, first vice president; W. A. Baehr, of St. Louis, second vice president, and James W. Dunbar, of New Albany, Ind., secretary-treasurer.

## Coal Mine Conference Called.

Columbus, O., Oct. 18.—Ohio coal operators have received invitations from the officers of the miners' union to a conference to be held at Indianapolis October 29 looking toward a restoration of the interstate agreement. The Hooking valley operators, who will be represented at the meeting, will insist on the agreement, if revived, being confined to Ohio, Indiana, Illinois and Pennsylvania, and upon all local disputes being settled in the districts in which they arise.

## Wisconsin Monument Dedicated.

Andersonville, Ga., Oct. 18.—Gov. James O. Davidson and staff with a large party of civilians from Wisconsin were here Thursday and dedicated the monument erected by the state of Wisconsin at a cost of \$10,000 to the memory of the Wisconsin soldiers who died at the Andersonville prison during the civil war and were buried in the National cemetery here.

## Countess Probably Murdered.

Warsaw, Oct. 18.—Countess Zamoyska left Bialystok on a train for this city Wednesday but she disappeared mysteriously on the way. Blood-stained garments were found in the compartment occupied by the countess and it is supposed she was robbed and murdered and her body thrown out of the car window.

## Four Men Drown in Mississippi.

St. Louis, Oct. 18.—Four men were drowned late Thursday in the Illinois river, six miles below Hardin, Calhoun county, Ill., by the overturning of a gasoline launch. The dead are: Harvey Angul, liverman; G. D. Dillman, farmer; Jeff Hunt, riverman, and J. C. Lammy, saloon keeper.

## GET IMMIGRANTS SAYS R. KIPLING

OFFERS SOLUTION OF ASIATIC PROBLEM ON WEST COAST.

## COUNTRY NEEDS LABOR

Author Advises Canada to Keep Out the Yellow Man by Bringing In the White Man.

Toronto, Ont., Oct. 18.—"Pump in the immigrants from the old country; pump them in."

That is the solution Rudyard Kipling suggests for the Asiatic problem on the Pacific coast. Mr. Kipling, accompanied by his wife, arrived here from a tour of the Canadian northwest.

"Immigration is what Canada wants in the west," said Mr. Kipling. "You must have laborers there. You want immigration, and the way to keep the yellow man out is to get the white man in. If you keep out the white man, you will have the yellow man, for you must have labor. Work must be done, and there is certain work the white man won't do so long as he can get a yellow man to do it. Pump in the immigrants from the old country; pump them in. England has 5,000,000 of people to spare."

## Opposed by Labor Party.

Mr. Kipling expressed the opinion that both in the mother country and in Canada the labor party is opposed to immigration because it would remove their great grievance with regard to the unemployed. In Canada there is a feeling in opposition to immigration because labor feels that it will be swamped.

Mr. Kipling on being asked if the statement which appeared in a local paper that he was in Canada on behalf of the British government and to formulate a scheme for their consideration as to Asiatic immigration, was true, laughed and said:

"I have still some sense of humor left."

Pressed for an answer in the affirmative or negative, he said, laughing heartily: "Well, tell them that I am."

## Hindus Not Permanent.

Proceeding with regard to Asiatics coming to Canada he expressed the opinion that Hindus would not settle permanently in the country but that after they had made a certain amount of money they would return to their own land. The Chinese, perhaps, in a lesser degree, would be found to do the same, but the Japanese he thought would be more likely to become permanent settlers.

## STORM SWEEPS OVER FRANCE.

Rivers Are Rising Again and Tremendous Seas Beat Coasts.

Paris, Oct. 18.—The storm center moved seaward for a time Thursday and the weather cleared temporarily, but this improvement was only of short duration and the storm swept over an extended area Thursday night with renewed violence. The rivers are again rising and bridges are being swept away. A tremendous sea is running on the Mediterranean, the Atlantic and the English channel. There has been more or less damage at Toulon and other ports of France.

A mountain near the village of Brancourt is sliding away as a result of the heavy rains. It has already destroyed several houses in the village and others are threatened.

## Prominent Ohioan Indicted.

Cleveland, O., Oct. 18.—The federal grand jury late Thursday returned an indictment against Thomas Melroe of Mansfield, deputy state oil inspector and a prominent lawyer and Democratic politician. The specific charge of the bill is using the mail to further a scheme to defraud.

## Blind Men Not Permanent.

Proceeding with regard to Asiatics coming to Canada he expressed the opinion that Hindus would not settle permanently in the country but that after they had made a certain amount of money they would return to their own land. The Chinese, perhaps, in a lesser degree, would be found to do the same, but the Japanese he thought would be more likely to become permanent settlers.
